Previewing the '96-97 Season

1

The 1996-97 University of San Diego women's basketball team will focus on its athleticism, speed, and commitment as Kathy Marpe enters her seveneenth season as head coach of the Toreros.

"We will build on the strides we made last year with our motion offense and continue to play a tenacious defense," says Marpe. "We want to keep a quick tempo and take control of the game early to force the other team to play our style. We want to use the entire court and run alot."

With many players able to switch between the guard and forward positions combined with the effects of some key injuries, Marpe will use several line-ups throughout the season. The one player Marpe knows will be crucial to the success of the team this year will be junior **Nailah Thompson** (San Francisco, CA). Thompson was the Toreros leading scorer last season, averaging 12.4 points per game and was an All-WCC Honorable Mention selection. Thompson will be the Toreros go-to player with the team looking to get the ball in her hands as much as possible.

Leadership will come from junior guard **Kari Ambrose** (Bellingham, WA) who won USD's Hustle Award last year and ranked fourth in the league in free throw percentage. Ambrose is the toughest competitor and floor general.

The team will also look for leadership from their two four-year seniors, **Heidi Ambrose** (Bellingham, WA) and **Malia Andagan** (Kihei, HI). Ambrose, who combines with sister Kari as the only sister tandem in the league, is one of the top defensive players who gives her all every time she steps on the court. Andagan is a great athlete who's biggest strength is rebounding.

Kari Ambrose led the team in assists and free throw percentage in '95-96.

Nailah Thompson was the Toreros leading scorer and a All-WCC Honorable Mention selection.

What might make or break the Toreros season is how fast they can recover from a number of injuries to several players. "Our MVP this season will be the training staff," says Marpe who will be shifting players throughout the season depending on the return of key players to the team. Sophomore **Tammy Schroeder** (Evergreen, CO), who is recovering from an ankle injury, and junior **Justine Tuhakaraina** (Tauranga, New Zealand), who continues to have back problems, may be missing for the first half of the season affecting the Toreros' post position. Junior guard **Michol Murray** (Anaheim, CA), the quickest player on the team, is also recuperating from a stress fracture in her shin.

Also returning for the '96-97 season are **Maggie Dixon** (North Hollywood, CA), **Katie McGlennen** (Hopkins, MN) and **Pat Sencion** (Los Angeles, CA). These three are expected to make a greater impact on the team this season after having a year to learn the offense. Dixon has developed into a great inside defender and has a stronger work ethic this year. McGlennen is an explosive offensive threat. Sencion had a great offseason, is in great shape, and has developed great outside range.

Injuries will force some freshmen into action quicker in order to fill some gaps. **Katie Trungale** (Dallas, TX) is well beyond the coaching staff's expectations and should see plenty of action at the center position. **Amanda Bishop** (Tulsa, OK), **Jessica Gray** (Redwood City, CA) and **LaKia Alexander** (Compton, CA) should see time and make contributions. "The freshman class all have played our style before. They come from teams that played a pressure defense and that will benefit us."

The Toreros have a tough schedule this season that opens on November 23 at home against UCLA. The preseason doesn't get any easier as USD travels to Louisiana Tech to compete in the Dial Classic and battles UC Santa Barbara, Oregon State and Arizona at home to highlight the month of December. The team begins West Coast Conference action on January 9, hosting Pepperdine and rounds out play with the WCC Tournament on February 27.

Kathy Marpe realizes basketball is a game of adjustments. As she embarks on her 17th season at USD, Marpe continues to redefine her approach to the game. "As a coach, you have to let the players play because they are so much more talented than in the past. It used to be whenever our teams were on the break we would look to setup for the jump shot or power layup inside. Now the key is to be less controlling, to let the players create shots for themselves."

A veteran of the coaching profession for over two decades, Marpe has made changes to the Torero program to utilize the team's new-found speed and athleticism. The past three seasons USD has experienced success by playing a full-court game which has strengthened their defensive effort. The Toreros will build on the momentum established by last year's new offense to provide a more balanced attack.

To Marpe's Credit

As the "dean" of West Coast Conference coaches, Marpe knows the league better than anyone. She is ranked third amongst conference coaches in WCC wins and was voted WCC Co-Coach of the Year by her peers in 1993 after leading USD to the WCC Postseason Tournament title. In ten WCC seasons, Marpe has produced 12 All-WCC performers, 11 WCC All-Academic selections and has placed four on the WCC All-Freshman teams.

Prior To San Diego

Prior to arriving at USD, Marpe directed the University of New Mexico to seven seasons of success on and off the court. The Lobos were 51-30 in Marpe's last three seasons, having posted wins over two nationally-ranked teams in the same season. Playing in "The Pit", the UNM women drew over 1,000 a game with crowds reaching the 2,000-3,000 mark on occasion — attendance figures unheard of in the mid-70s. By the time she left the Albuquerque campus, Marpe had led the Lobos to consecutive finishes in the AP Top 20 and six AIAW Regional appearances in seven years.

A History of Achievement

Since its inception in 1985-86, WCC Women's Basketball has done nothing but prosper. In the last five years, the league has sent eight teams to the NCAAs and two to the NIT.

The West Coast Conference started in 1952 as the California Basketball Association and remained as such until changing its name to the West Coast Athletic Conference in 1956. The league became known as the West Coast Conference in 1989. The eight-team alliance currently sponsors thirteen championships for women (basketball, crew, cross country, golf, soccer, tennis, and volleyball) and men (baseball, basketball, cross country, golf, soccer and tennis). The league owns six NCAA automatic playoff bids (women's and men's basketball, baseball, women's and men's soccer and volleyball).

The conference alignment, unchanged since 1987, spans the West from Canada to Mexico and includes: from the Pacific Northwest Gonzaga University and the University of Portland; from the Bay area the University of San Francisco, Santa Clara University and Saint Mary's College; from the Los Angeles area Loyola Marymount University and Pepperdine University; and from San Diego, the University of San Diego.

WCC Tournament History

The WCC Postseason Tournament will be held for the sixth year, taking place in conjunction with the men's tournament, on the campus of Loyola Marymount University. All eight teams qualify for the tournament which runs February 27th through March 2nd.

Santa Clara (1992), Portland (1994), San Francisco (1995, 1996) and the Toreros (1993) have all won tournament titles.

San Diego made its first tournament appearance in 1993 upsetting host Santa Clara, 64-57, for the title. The Toreros had knocked off Pepperdine, 83-67, to reach the finals.

Jill Shaver (left) and Melisa Sortino (right) hold the WCC Championship Trophy after leading the Toreros to a 7-point upset of Santa Clara at the 1993 tournament.

Toreros Help Bay Area Youth In Clinic

The University of San Diego women's basketball team took part in the first annual West Coast Conference Youth Clinic held during the WCC Conference Basketball Tournament in early March. Every member of the team assisted the conference coaches in teaching kids the fundamentals of the game of basketball. Eighty boys and girls ranging from fourth through eighth grades participated in the 2 1/2 hour clinic held on Saturday, March 2, the WCC Women's Tournament off day.

The clinic was a great way for Bay Area youth to interact with collegiate women's basketball players and a good experience for all of the USD team.

"I enjoyed working with the kids," said Torero junior guard Nailah Thompson who is from San Francisco. "It was fun to go through and teach all the drills to the kids. It was also good to get to know the other coaches in the conference in a relaxed atmosphere."

"I think it is important for young woman athletes to give back to the community and the youth," said USD head coach Kathy Marpe. "It helps the sport of basketball grow in popularity."

The clinic began with a stretching period that was led by all of the USD players. The kids then were split into five groups and sent to five different stations. The stations included drills on passing, shooting, rebounding, ball handling and defense with a couple of players at each station. Thompson and junior guard Michol Murray assisted Santa Clara head coach Caren Horstmeyer in teaching kids offensive moves to dance music. By the end of the clinic, Thompson had all of the coaches trying the dance steps.

The University of San Diego is an independent Catholic institution of higher education. Founded in 1949, USD is located on 180 acres overlooking Mission Bay, San Diego Harbor and the Pacific Ocean. The campus is named Alcalá Park and is located just 10 minutes from downtown San Diego. The campus was named after a Spanish village near Madrid - Alcalá de Henares. Founded by the Greeks as Complutum, the village was later renamed Al Kala (the Castle) by the Moslems. Christians recaptured the village centuries later and founded a university whose buildings became the inspiration for USD's style.

The Campus

The USD campus is regarded as one of the most architecturally unique institutions in the country, featuring 18 major buildings designed in an ornamental 16th century Spanish Renaissance style.

Since 1984, USD has completed nine major construction and expansion projects. A landscaped fountain plaza was finished in the fall of 1995, connecting the entrances of the Immaculata and Hughes Administration Center. In 1992, the university completed the 45,000 square foot Loma Hall, which includes an expanded bookstore, a larger mail center, classrooms and laboratories. In 1990, the renovated Katherine M. and George M. Pardee Jr. Legal Research Center opened, a facility that offers the latest in information technology.

Student Life

Student activities include cultural events, dances, boat cruises, beach parties, BBQ's, concerts, comedy nights, symposia and much more. Students participate in a wide range of volunteer projects such as adult literacy tutoring, senior citizen outreach, and house building in Tijuana. The intramural program is also an integral part of student life on campus with over two-thirds of the USD community partaking in intramural sports.

Athletics

The University of San Diego is a member of the West Coast Conference for nearly all sports and competes in 16 intercollegiate sports on the NCAA Division I level. The football team just completed its fourth season in the Pioneer Football League. Women's sports include: basketball, crew, cross country, soccer, softball, swimming, tennis and volleyball. Men's sports include: baseball, basketball, crew, cross country, golf, football, soccer and tennis. Since 1990 USD teams have won three conference championships and made 12 post-season appearances. USD also has had nine Conference Coaches of the Year, nine Conference Players of the Year, nine Conference Freshman of the Year, three WCC Scholar Athletes of the Year and 15 NCAA All-Americans.

Academics

USD enrolls more than 6,400 students who have a choice of more than 50 undergraduate and graduate degree programs. The university's academic units include the College of Arts and Sciences, and the Schools of Business Administration, Education, Law and Nursing. Class size generally averages between 18-25 students with the student to teacher ratio being 18:1. Over 97 percent of USD's full-time faculty hold doctorates.

In the annual ratings of the country's colleges and universities, published by *U.S. News & World Report*, USD moved from the regional to national category in 1994. The university is ranked among the top 100 schools in the nation.

Did You Know?

- The University of San Diego was host to the last Presidential Debate this campaign year on October 16, 1996. USD is one of three universities that hosted a Presidential Debate with Washington University (St. Louis, MO) and Trinity College (Hartford, CT) being the other two.

- In 1991 the Library of Congress chose USD (one of only 37 U.S. schools and libraries) to take part in its American Memory Project (AMP). Through the use of computers and TV monitors, students and faculty can call up original source materials from the Civil War, Continental Congress and other Library of Congress holdings.

Our student-athletes are winners on and off the court. They demonstrate the values that characterize a USD education - commitment, integrity, teamwork, discipline and respect for the dignity of all human beings. These are qualities that will help them throughout their lives.

I am looking forward to the coming season and hope that you will join me in supporting our team. It's an exciting schedule and promises to be a great year."

Tom Iannacone is in his ninth year as the University of San Diego Director of Athletics. He assumed the position September 1, 1988 after a nationwide search.

The 55-year-old Iannacone has made great strides in his first eight years. His accomplishments at USD include an on-going internal reorganization of the athletic department, plus improvements in the major areas of personnel, scholarship assistance, facilities, promotions and marketing, fund raising, drug education, academic support, and a new university approved plan for scholarship support and sports sponsorship. In addition, he was instrumental in USD gaining membership to the Pioneer Football League, which began play in 1993.

Iannacone came to the University of San Diego with an impressive list of credentials and a thorough knowledge of intercollegiate athletics. Prior to USD he was Director of Athletics for four years at St. Francis College in Loretto, Pennsylvania.

Hard work, loyalty and dedication are just some of the words that easily describe Iannacone. His major contributions at St. Francis included the expansion of sports offerings and scholarships for both men and women, improved budgets, renovation of athletic facilities, the hiring of additional staff, and the establishment of a master plan for the future and continual development of athletics. He served on several committees, most notably the Eastern Collegiate Athletic Conference (ECAC) Infractions committee and the Northeast Conference committee on conference development. Iannacone also served as a consultant to the NCAA I-AAA Football Committee.

Now that USD football is competing at the I-AA level, he is a member of the I-AA Athletic Directors Association Executive Committee. He is also the Chairman of the West Coast Conference Athletics Directors Committee.

Prior to his tenure at St. Francis, Iannacone served as assistant athletic director at Fordham University from 1977-84. Along with his administrative duties at Fordham, he was an assistant football coach for the Rams. From 1975-78, he acted as offensive coordinator and backfield coach as Fordham captured 19 victories in their final 24 games during this span. The 1977 squad was and remains the highest scoring team in Fordham history, averaging 34 points per game.

In 1983 Iannacone was presented the prestigious Jack Coffey Award by the Alumni Association for outstanding contributions to Fordham athletics. He also served on various Metro Atlantic Athletic Conference committees.

Prior to Fordham, Iannacone taught physical education and coached track and football in the Norwalk, Ridgefield and New Milford (CT) school districts from 1964-76. He made his collegiate football coaching debut as an offensive backfield coach at Western Connecticut State University in 1974.

A 1964 graduate of the University of Connecticut, Iannacone received his master of science degree in physical education from Southern Connecticut State University in 1973.

Tom and his wife, Cynthia, have three children: Tom Jr., Jennifer and Eric. All three are recent graduates of USD.
